

SPS-E013-81
25 February 1981

MEMORANDUM FOR : Director of Data Processing
FROM : [REDACTED] 25X1
Deputy Chief, Special Projects Staff/ODP
SUBJECT : Special Projects Staff Weekly Status
Report for Week Ending 24 February 1981

1. SAFE

A. On 19 February 1981, a security meeting was held among representatives of the Consolidated SAFE Project Office, the Office of Security, TRW and Burroughs. Topics of discussion included procedures for passing clearances and documentation between TRW and Burroughs and appropriate clearance levels for contractor personnel.

B. On 19 February 1981, representatives of the CSPO, COMSEC, TRW and NSA met to discuss the SAFE Cryptographic Ignition Key (SIK).

C. On 20 February 1981, the CSPO and TRW contracting officers, along with various technical personnel, conducted a Fact Finding session on Change Order #10 which covers the Government direction to use the Delta Data terminal as the SAFE terminal. The Fact Finding was held to assess the validity of TRW's Change Order #10 proposed cost. Negotiations are scheduled during the March PDR time frame.
